Lifeline Service Offerings 4/1/2012

As part of its service offerings, Gridley Telephone offers the Lifeline program to assist qualifying low income individuals with the charges for their telephone service. These programs are part of the Federal Universal Service Fund program instituted by the Federal Communications Commission and overseen by the Universal Service Administrative Company.

Lifeline service offers a qualifying individual discounts to the costs of that individual's telephone service for one telephone line per household at the principal place of residence. Effective, August 1, 2012 the discount provided under the Company's Lifeline service is \$9.25 per month for each month that the customer qualifies. To receive this discount, an individual must be a participant in one of the following programs: Medicaid, food stamps, Supplemental Security Income, Federal public housing assistance, or Low-Income Home Energy Assistance Program.

Other terms and conditions apply. For example, customers must apply for Lifeline, and we are required to retain and verify the continuing accuracy of the qualifying information provided by those individuals. Similarly, as long as a qualified individual agrees to toll blocking, that individual is not required to pay a deposit prior to our service being offered. Please also be aware that the updated Lifeline Program, effective May 1, 2012 has revised the eligibility requirements and criteria which may require our lifeline subscribers to provide additional information and certifications to confirm eligibility.

We encourage you to contact us if you believe you may qualify for these programs. Please contact us at 309.747.2221 or visit us at 108 E 3<sup>rd</sup> St, Gridley, IL. Our customer service representatives can work with you to answer any questions you may have.
